Premier League

Reserves won 5-0 against Port FC

Things kicked off with a dominating first half performance with the unstoppable Ethan Perry claiming his third hat trick in consecutive weeks.

Two more goals were scored before the break thanks to Chris Richards and Josh Warpole. The Wallis Lake side dropped their intensity in the second half and cruised to a comfortable win.

Ethan Perry was named man of the match after scoring his 18th goal of the season.

First Grade won 6-0 against Port FC

A great pitch and loyal supporters are part of the reason why Wallis Lake have remained unbeaten at home since round eight this season.

Despite starting slower than their Port FC opponents, they maintained the pressure and turned the match around by boosting their goal difference and bagging six goals before the final whistle.

Beau Wynter was named man of the match after holding it together at the back. Wallis Lake will be looking to keep up their solid form as they travel away this weekend to take on the Port Saints.

Planning Think Tank

Thanks for all those who attended the Information and Planning Meeting last Saturday. The meeting was really about setting the scene on where we are and what we need to collectively do to take the club forward.

One of the key areas was player registrations. At the bottom end of the club we have grown from having sides to under 8's in 2012 to under 11's in 2014. With a focus on Quality and an enjoyable experience, this trend should continue over the next few years.

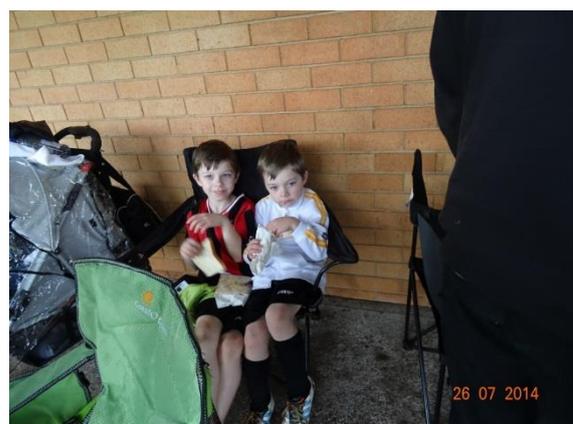

In the short term though the club would like to see for the next season an increase in our youth teams, where we currently have 17/18's. There were ways discussed to achieve this, with the Wallis Premier League side's success, playing style and culture being seen as very attractive to new players.

To facilitate, we see the need for a Club Development Officer, to liaise with both the junior and senior end of the clubs and see how we can market our product, through schools, social media, press, training camps etc.

We are also in need of a Web Officer. Expressions of interest for both of these positions to Kevin on 0400 356 607.

Otherwise on the basis that many hands make light work, we are looking for people to get involved. In addition to committee positions which are up for re-election in October, there are also a handful of other important roles, and we will get back to everyone in coming newsletters as to what they are and what that will entail.

In the meantime we hope that everyone is enjoying their experience with Great Lakes.
