## COVID-19 Safety Plan

Version 4 - Updated 7 December 2020

### Community sporting competitions and full training activities

We've developed this COVID-19 Safety Plan to help you create and maintain a safe environment for you, your workers, volunteers and your visitors.

Complete this plan in consultation with your workers and volunteers then share it with them. This will help slow the spread of COVID-19 and reassure your visitors that they can safely participate in activities. You may need to update the plan in the future, as restrictions and advice changes.

Organisations must follow the current COVID-19 Public Health Orders and manage risks to staff and other people in accordance with Work Health and Safety laws. For more information and specific advice for your industry go to [www.nsw.gov.au](http://www.nsw.gov.au)

<p><b>If hiring the facility, consult with the owners/operators to address these requirements to understand what measures may already be in place:</b></p>	<p>We have to date, and will continue to liaise and work with our venue owners - e.g. Local Councils, schools (public/private), or private owners to comply with any specific requirements they may have.</p> <p>We have determined physical distancing protocols to be used within shared facility spaces (e.g. bar/canteen, change rooms, toilets, spectator viewing areas, entrance foyers, corridors and club house/rooms), and where appropriate, have clearly marked with tape and/or signage.</p> <p>We have and will continue to encourage individuals to be respectful of shared space, minimise time spent in these areas and observe physical distancing measures.</p>

**Other types of venues or facilities within the premises must complete COVID-19 Safety Plans where applicable. If contact details are captured electronically upon entry to the main premises on the relevant day, additional collection of contact details via electronic methods may not be required if there is no other public access to the sub-premises. However, additional contact details and time of entry must be captured where these sub-premises are indoor gyms, nightclubs, dine-in hospitality venues, pubs and bars.**

For the purposes of this document, we do not have indoor gyms, nightclubs or pubs.

When we conduct our canteen & bar (if applicable) operations, we commit to implementing hygiene and social distancing measures including:

**REQUIREMENTS**

**ACTIONS**

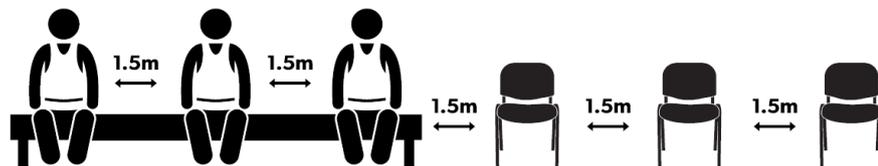

**Physical distancing**

**Ensure the number of people in a facility does not exceed one person per 2 square metres of publicly accessible space (excluding staff) to a maximum of 3000 people.**

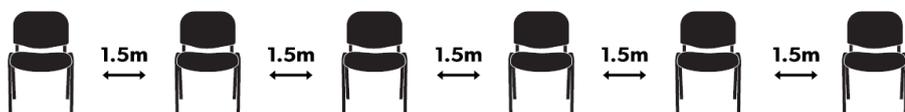

Competition Administrators and club officials have considered the number of participants and fixtures so as to adhere to the maximum of 3000 people per venue at one time.

We will limit fixed seating areas to 1 person per every 2 seats. This means that our grandstand capacity is 50% of what it traditionally would be. Whilst members of the same household may sit together, this does not alter the capacity of our grandstand.

Where team benches are permanent (fixed), we will limit the total number of seats to ensure a minimum of 1.5 metres between each member of the coaching staff and substitutes. Where possible, we will mark seats with masking tape and if necessary, provide additional seats to extend the length of the bench.

Where team benches are made up of plastic/other moveable chairs, we will position them so they are at least 1.5 metres apart. Further, we will place signage in technical areas promoting social distancing and reposition the chairs at the required distance between matches.

<p><b>Up to 50 performers can sing indoors with no cap on performers outdoors. All singers should face forwards and not towards each other, have physical distancing of 1.5 metres between each other and any other performers, and be 5 metres from all other people including the audience and conductor. It is recommended that audience members and congregants older than 12 wear masks if singing or chanting.</b></p>	<p>Not Applicable in our venues</p>
<p><b>Minimise co-mingling of participants from different games and timeslots where possible. For mass participation events, stagger the starting times for different groups to minimise crowding where possible.</b></p>	<p>Competition Administrators have scheduled matches and we have arranged training days and times to minimise contact, cross-over and avoid unnecessary gatherings of players, family members and staff.</p> <p>We will schedule time between games/training sessions when possible, to enable all attendees to arrive and exit the venue safely, with minimal contact with others.</p> <p>We will communicate with players and team staff to encourage personal equipment and bags are arranged to maintain physical distancing of participants (&gt; 1.5 metres) and separation between teams.</p> <p>Where possible, we have identified separate entry and exit points to the venue via signage and communicated this to participants and parents/carers.</p>
<p><b>Support 1.5m physical distancing where possible, particularly at points of mixing or queuing such as food and drink stations, toilets and entrance and exit points. There should be 1.5m physical distance between seated groups where practicable, including in non-ticketed or grass areas.</b></p>	<p>All key areas of seating will be marked with a capacity and reminder of social distancing requirements.</p> <p>Key areas of mixing such as entry and canteen will have social distancing markers noted using tape / cones or similar types of marking.</p>
<p><b>Have strategies in place to manage gatherings that may occur immediately outside the premises, such as with drop off and pick up zones or staggered start/finish times:</b></p>	<p>We will stagger arrival and/or departure times when possible for different groups and teams, and within the constraints of the venue design, manage entry and exit points to allow a seamless flow of players/coaching staff and parents/attendees through the venue to limit the risk of overlap and congestion.</p>

<p><b>Where possible, encourage participants to avoid carpools with people from different household groups.</b></p>	<p>We will encourage participants &amp; parents/guardians to avoid carpooling with people from different households.</p>
<p><b>Reduce crowding wherever possible and promote physical distancing with markers on the floor where people stand or are asked to queue.</b></p>	<p>We will promote and communicate the importance of social distancing of 1.5 metres between spectators (e.g parents/carers). This will be done through PA announcements, marked seating, social media, direct communication and signage.</p> <p>We will indicate the number of people that can occupy indoor spaces in accordance with the 2m<sup>2</sup> guideline including toilets, change rooms, canteens, club rooms, etc.</p> <p>When we conduct our canteen operations, we commit to implementing hygiene and social distancing measures including:</p> <ul style="list-style-type: none"> <li>- marking social distancing for queues;</li> <li>- having hand sanitiser at point of sale;</li> </ul>
<p><b>Ensure communal facilities such as showers, change rooms and lockers have strategies in place to reduce crowding and promote physical distancing.</b></p>	<p>As much as possible, we will minimise the use of changerooms in our facility. Where they need to be used, we will limit the use of changerooms, gym, wet or inside areas to essential players and team officials and clean these spaces regularly.</p> <p>We will indicate the number of people that can occupy indoor spaces in accordance with the 2m<sup>2</sup> guideline including toilets, change rooms, canteens etc.</p> <p>Toilets will be open for public use and will display clear signage to indicate the recommended number of people entering (dependent on the space of the amenities).</p> <p>We also commit to collaborating with our Competition Administrator to request Councils increase the regularity that they clean public amenities.</p>
<p><b>Where practical, stagger the use of communal facilities. Strongly encourage participants to shower/change at home where possible:</b></p>	<p>We will limit the use of changerooms, gym, wet or inside areas to essential players and team officials and clean regularly.</p> <p>We will encourage all participants to shower/change at home where possible.</p>
<p><b>Use telephone or video platforms for essential staff meetings where practical:</b></p>	<p>When held, we will conduct club and team meetings via virtual meeting platforms such as Zoom, Facetime, Teams and so on, in place of face- to-face meetings. If we need to meet face to face, we will keep the time to a minimum, implement social distancing requirements by ensuring maximum room allowances are not exceeded and ask participants sit more than 1.5m apart.</p>
<p><b>Review regular business deliveries and request contactless delivery and invoicing where practical:</b></p>	<p>We will contact all suppliers and seek their support for contactless deliveries to the club and electronic invoicing where practical.</p>
